LEADERSHIP EDUCATION AND DICIPLESHIP STUDIES

Curriculum Overview: Come and share in this exploration of our unique scriptures as led by Mark Euritt. We will delve into Restoration scriptures with three primary aims:

1. to understand the historical contexts in which these scriptures originated and developed during the time frame of 1822 to the present;
2. to appreciate the various usages to which these scriptures have been put during the course of the church's development to the present time;
3. to become aware of problems and issues pertaining to each of these indigenous scriptures arising from the current missional imperatives of the Community of Christ, in the setting of its emerging multi-cultural population.

There are three options to participate in LEADS. They are:

LEADERSHIP TRACK—Participate in all 13 courses plus two supplemental courses. You may make-up up to three courses or partial courses with the instructor. Certificate Option 1.
